

Seat coding/direction of travel

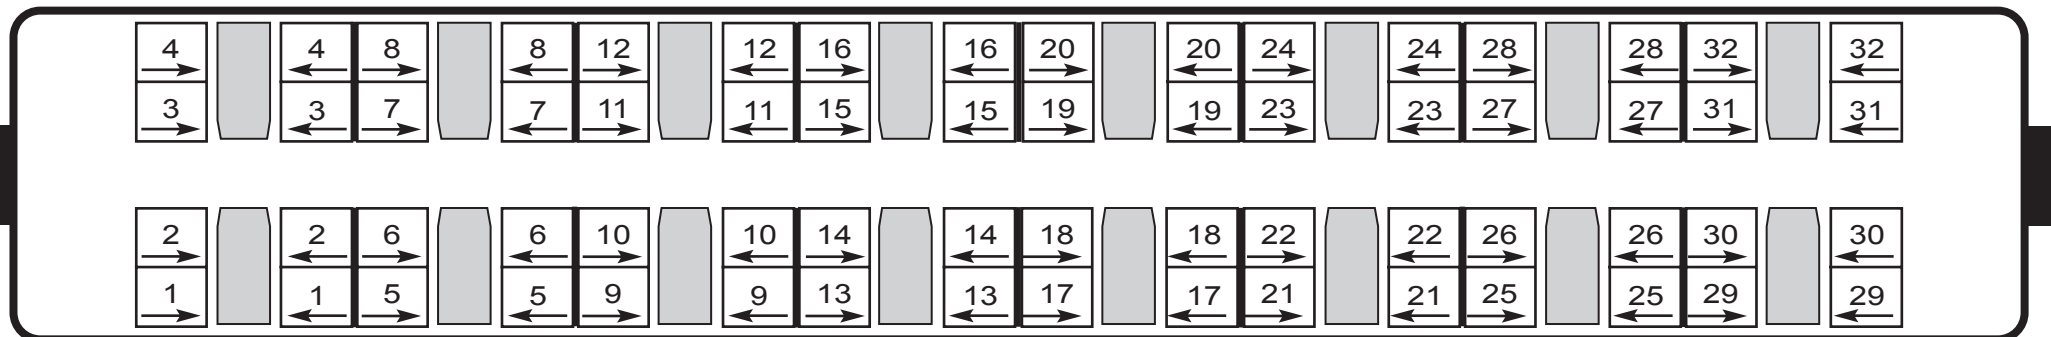

When you receive your tour tickets there will be a coach and seat number printed on it.

You will notice that the seat number includes either the letter 'B' or 'F'. This code indicates the direction the seat is facing. *i.e.* if your seat has the code 'B', then you will be travelling backwards, and the code 'F' indicates that you will be travelling forwards.

Premier Dining and First Class

Standard Class

Whilst we will endeavour to accomodate seating requests, we cannot guarantee particular seat numbers at the time of booking
